## Exit Locations

## Door Exits and Escape Slides

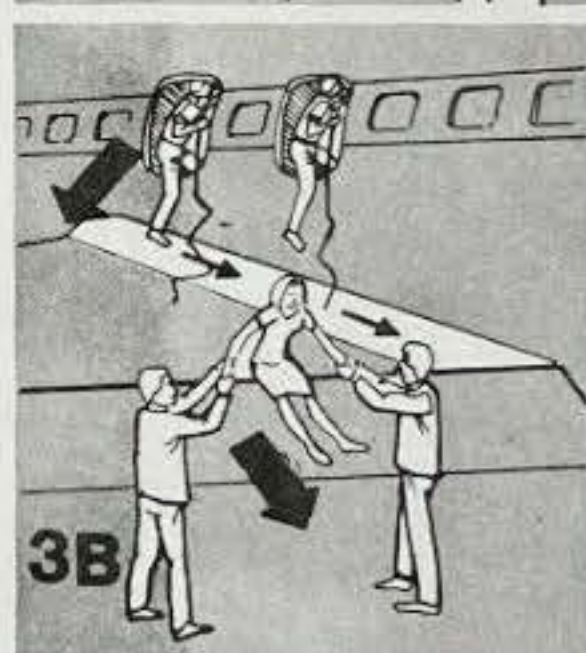

**REMEMBER**  
Know where YOUR exits are.  
Find the exits for YOUR section.  
In the event of an evacuation,  
move quickly to the exit and  
**JUMP** onto the escape slide.  
**RUN** away from the airplane.

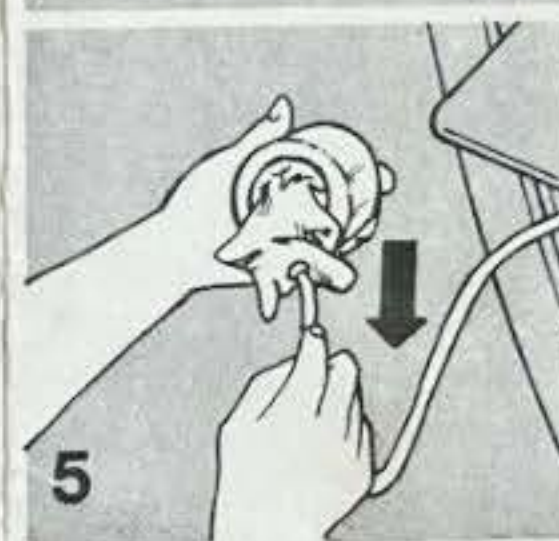

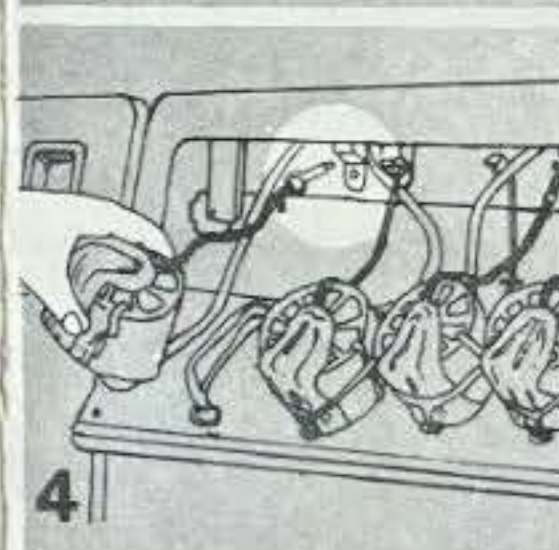

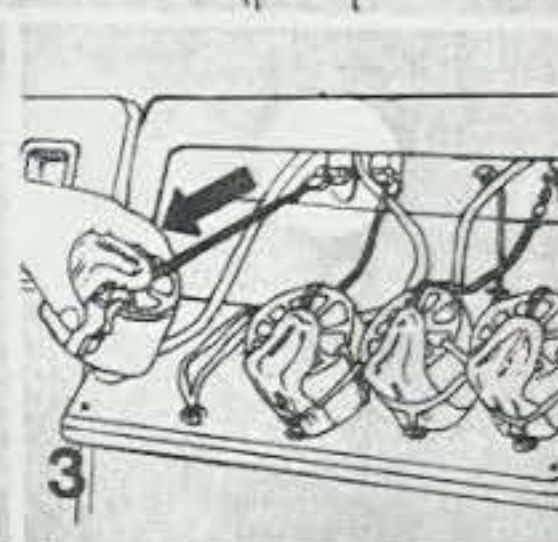

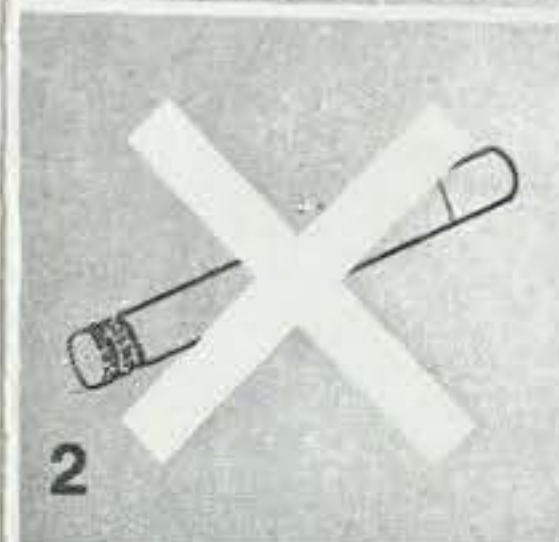

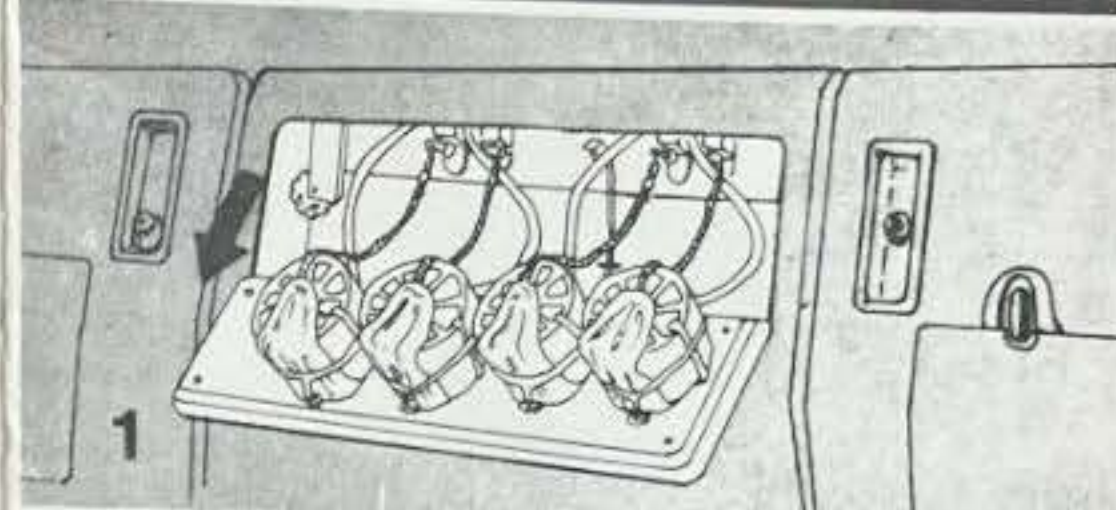

**Do Not Remove This Folder From The Aircraft**

## Window Exits

## Oxygen Masks

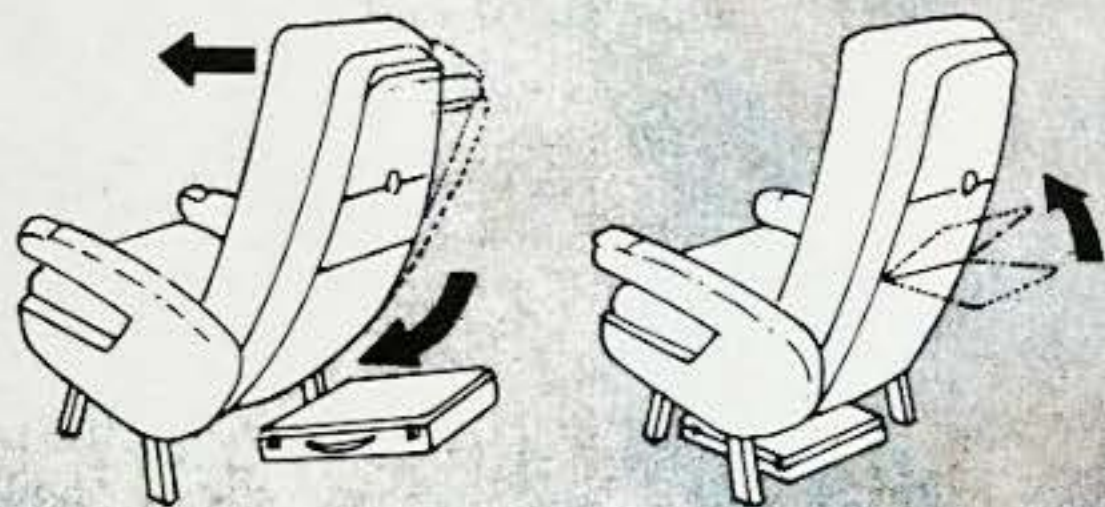

## Seat Belts - Take-off & Landing

It is recommended that seat belts be kept fastened at all times — even when the seat belt sign is off.

## Take-off & Landing Seat Position

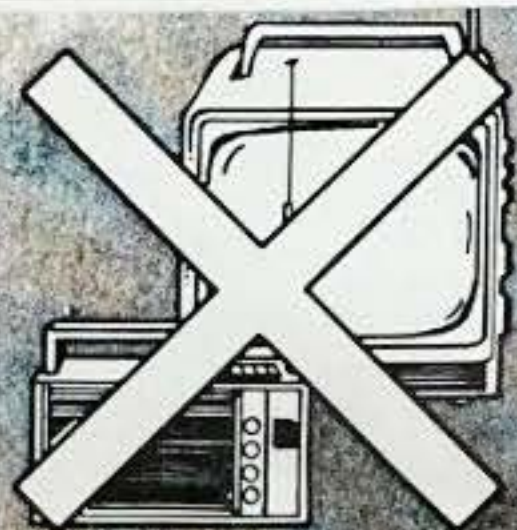

## No Smoking
